Welcome to Dcarbonise Week 2021 Virtual Sustainability Summit

This October, we're bringing together an audience of energy users and sustainability leaders across a selection of key industries, connecting them to the best sources of knowledge, inspiration and advice as they strive towards lowering their carbon impact and improving their sustainability credentials.

Dcarbonise Week, a pre-COP26 week-long Virtual Sustainability Summit, will serve to unite some of the best known and respected event communities and provide exceptional education and guidance. Thanks to incomparable speakers, '**Dcarbonise Week 2021 – Virtual Sustainability Summit**' will engage thousands of business leaders, policy makers, energy managers, buyers, heads of sustainability, technologists, solution providers and investors, all unified in their passion and pursuit of decarbonising their operations as we strive towards becoming Net Zero.

Whether you're involved in clean energy, or agriculture or agritech **Dcarbonise Week** will inspire and help you to deliver for your business.

Achieve your marketing objectives through a new online experience

Position your brand as a thought leader to the industry

Position your organisation as a progressive industry player. Align your organisation with the key discussion points and challenges facing clean energy, transport, cities, industry, travel, or farming and associate your brand with the highest calibre technical content in the industry.

Brand exposure

Expand your brand exposure to a truly global audience through numerous opportunities for logo placement across the virtual platform and through our marketing campaign to over 50,000 targeted potential customers in the run-up to the event. The platform will remain live as an on-demand service for 12 months allowing your organisation even greater exposure.

Acquire new leads

High quality leads are waiting to find a solution like the ones you have to offer.

Reach target audience from all over the world and generate more business

Engage with thousands of industry professionals through our online platform. The virtual summit will deliver opportunities for business development among leading players. In addition, the digital format provides detailed real-time analytics of the attendees engaging with your brand and content.

Dcarbonise Week - Virtual **Sustainability Summit Partners**

Virtual

Industries and brands represented within the **Dcarbonise Week** include:

oceanology international

 \checkmark

 \checkmark

The world's premier event for Marine Science & Ocean Technology, and how we can both operate in, and protect, the world's oceans in a sustainable manner.

UK Urban AgriTech collective, or UKUAT, brings together the UK's key players in modern agricultural technologies. We're a cross-industry group devoted to promoting urban agtech as a solution for food and environmental crises.

Co-located with All-Energy, Dcarbonise is Scotland's only dedicated event for low-carbon built environment and transport solutions to improve your energy efficiency and decrease costs.

Hetform For Change

The largest programme in the world aiming to unite travel companies, organisations and individuals interested in spreading sustainable practices and ethical methods within the travel industry.

Dedicated to hydrogen, a core component of the energy transition, and its increasing use for decarbonising the grid to fuelling transportation and much more.

Dedicated to solving the challenges faced by farmers through agricultural technology solutions, with an increasing focus on sustainability and low carbon faming techniques.
